

IKEA Smart lightbulb GU10

Control light remotely with the help of app.

With a smart LED bulb, you can customize the lighting for different activities, and for example, reduce the light to a more cosy mode.

Helps reduce power bills because you save energy when you dim the lights. With an onesti solution, it is possible to add IKEA smartbulb sold on IKEA based on open ZigBee standard / no barrier.

Overview

The LED light source consumes about 85 percent less energy and lasts 20 times longer than incandescent bulbs.

The Smart bulbs can be controlled from the onesti App directly or indirectly with automatic rules.

Technical specifications

Brand Name	Ikea
Model identifier	LED1650R5
Energy efficiency class	A+
Weighted energy consumption	5,3kWh/1000h
Nominal luminous flux	400lm
Nominal life time	25000h
Colour temperature	2700K
Warm-up time to 60% of the full light output	< 1 s
ercury content	0 mg
Rated power	5,3Watt
Rated luminous flux	400lm
Rated lamp life time	25000h
Lamp power factor	0.7
Lumen maintenace factor	70%
Starting time	0.5seconds
Dimmable	Yes
